

Electrical System and Battery Service

580-20 Spark Plug Tester

Application for testing spark plugs for function and contamination, for standard spark plugs with one electrode

Type with plastic handle, protective cap, lens and metal clip, nickel plated

Material blade Chrome-Vanadium 31 CrV 3, Code No. 1.2208

Stock-No.	Blade mm	mm	mm	g
580- 20	3	20	105	6 10

306 Plier for Wedge Base Bulbs

New!

Application for wedge base bulbs in instruments and switches, also suitable for deep-seated lamps. e.g. in the air circulation switch Opel Astra

Type shape and insulation of claws prevent the crushing of the fragile wedge bases nickel plated, polished, with insulated TOP-KRAFT 2K plastic handles and slip guards

Stock-No.	Claw shape	mm	g
306	straight	160	1 160

174-50 Battery Terminal Puller

Application for pulling off battery terminals

Type 2 legs, spindle drive 10 mm, silver-coloured

Material high grade tool steel

Stock-No.	Capacity mm	Opening mm	g
174- 50	50	40	1 140

580 Spark Plug Tester

Application for testing spark plugs for function and contamination, for standard spark plugs with one electrode

Type with plastic handle, protective cap, lens and metal clip, nickel plated

Material blade Chrome-Vanadium 31 CrV 3, Code No. 1.2208

Stock-No.	Blade mm	mm	mm	g
580- 45	3	45	120	6 14
580- 125	3	45	125	6 12

307 Relay Adjusting Plier

Application for replacing relays on circuit boards

Type angled

Material claws high grade tool steel C 45, Code No. 1.0305

Stock-No.	Relay size mm	mm	g
307- 195	Relay pliers diagonal grip	26 195	1 205

174-80/2 Battery Terminal Puller

Type 2 legs, spindle drive 12 mm, silver-coloured

Material high grade tool steel

Stock-No.	Capacity mm	Opening mm	g
174- 80/2	80	80	1 310

586 Car Electric Test Set

Application for voltage test, testing range 6 to 24 V

Type with tip, protective cap, fixed cable and clip, in vinyl storage wallet

Material blade Chrome-Vanadium 31 CrV 3, Code No. 1.2208

Stock-No.	mm	g
586	120 6	74

307G Relay Adjusting Plier

Application for replacing relays on circuit boards

Type straight

Material claws high grade tool steel C 45, Code No. 1.0305

Stock-No.	Relay size mm	mm	g
307G- 215	Relay pliers diagonal grip	26 215	1 195
307G- 220	Relay pliers diagonal grip	30 220	1 220

174-80/3 Battery Terminal Puller

Application for pulling off battery terminals

Type 3 legs, spindle drive 12 mm, silver-coloured

Material high grade tool steel

Stock-No.	Capacity mm	Opening mm	g
174- 80/3	80	80	1 445
